

Introducing Premium **NEW** Composite Fencing System

Modern Design • Low Maintenance • Built to Last

A high-end fencing system combining premium materials, modern design, customization, and professional installation.

Why Choose Our Fencing?

25+ Year Life

Built for long-term outdoor performance.

Premium Aluminum Posts

Fluorocarbon finish for a durable, modern look.

Matching Gates

Heavy-duty hinges, quality locks, and keys.

Solar or Regular Caps

Choose solar-powered or standard caps.

Low Maintenance

No staining, painting, or regular sealing.

Full LED Option

Integrated low-voltage LED lighting.

100% Customizable

Custom height, colors, gates, and configurations.

Steel Grilles

Several modern grille designs available.

Resists Fading & Warping

Designed to resist discoloration, warping, and deformation.

8 Colors & Designs

Choose the look that fits your home.

Concrete or Ground Installation

Designed for existing concrete footings or ground installation.

Professional Installation

We handle the complete installation.

More Than a Fence — A Signature Look for Your Home.

Add a unique, premium feature that makes your property stand out and adds to its overall appeal.

New & Unique in the U.S. Market

A unique combination of features and design you won't find anywhere else.

Designed for the Pacific Northwest

Premium materials and professional installation for modern outdoor spaces.
